

Driving to The Drake...

If you get lost call 2554779 / 2710651

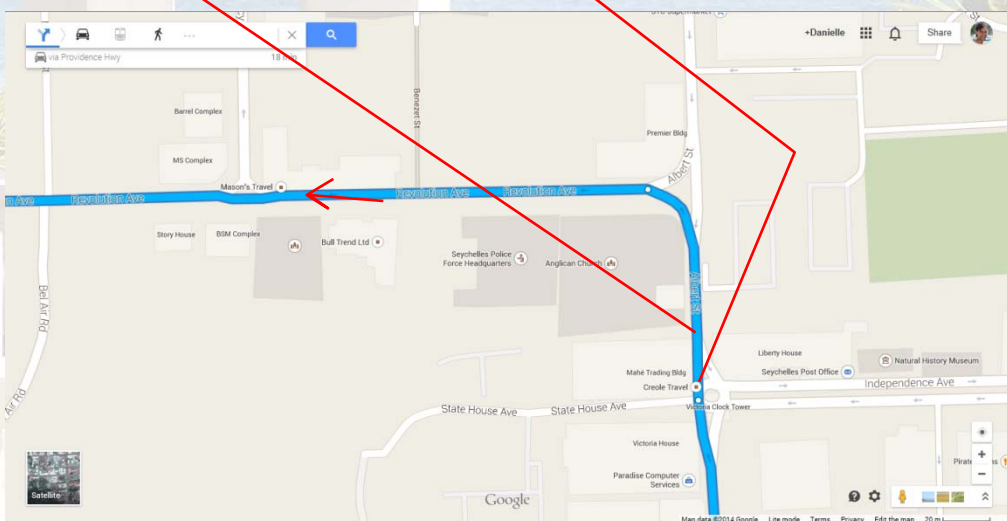

Once you're out of the airport turn right to go towards town – (stay on the highway). You will come across 3 roundabouts on the way (1st one at Providence Industrial estate, 2nd one at Eden Island and 3rd at the sportcomplex/petrol station), just keep straight ahead for Victoria town.

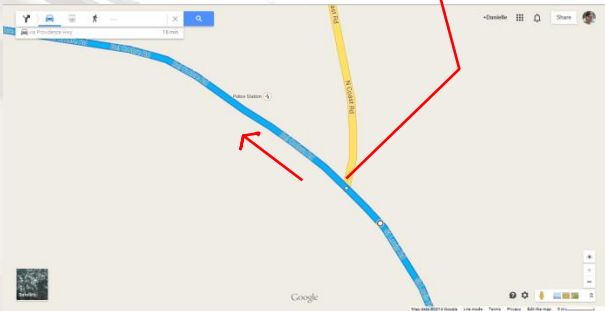

You will soon come to the roundabout in town. Note you take the 2nd exit into Francis Rachel Street – The road is 2 lane - keep to the left.

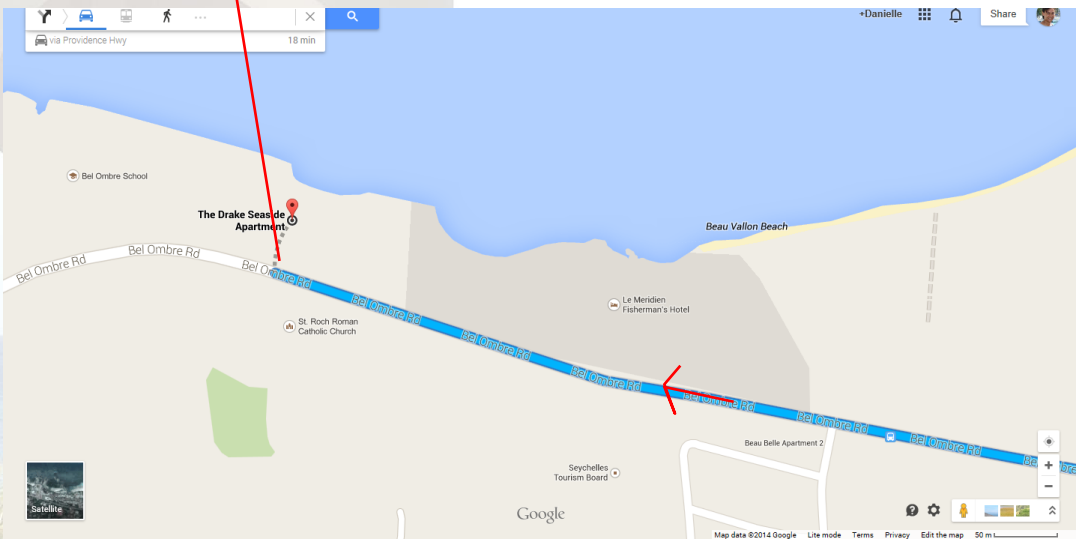

You should soon reach the clocktower, there's a small roundabout there – just go straight ahead on Albert street. You'll be coming to a set of traffic lights/crossing, turn left and now just follow the road straight to St. Louis/uphill now.

Keep on the main road uphill, you'll soon come to the top, now keep going downhill – few bends along the way but just keep on the main road. You'll then see a petrol station on your right and a little further down you'll come to a "Y" junction. The BeauVallon police station is right there in front of you. Now go left of the Police station – on the Belombre Road.

Close to home....Keep on straight. Now keep a look out for the Fisherman's Cove Hotel on your right. About 100m ahead you will see the big church on your left, and a small shop 'St.Roch Shop' on your right. We are here, just turn right next to the long white wall and drive to the brown gate further down.

We'll be waiting.. Don't get lost!
